A Class guards are comprised intermediate levels of depth, quality of design, and excellence. Successful design combines a logical composition that facilitates the display of skills and achievability.

Stylistic diversity is to be encouraged with all choices given equal potential for success.

Composition

Score

100

Whose composition contained the greater:

- · Use of design elements in form, body, and equipment
- · Motion to connect events
- Design and orchestration, both through time and in layered events
- Reflection or enhancement of the audio including dynamic range of efforts: space, time, weight, and flow
- Imaginative and inventive use of design choices
- · Variety of design choices
- Transitions and equipment changes
- · Characteristics, detail, and nuance

Excellence

Score

Whose performers demonstrated the better:

- Achievement of spacing, line, timing, and orientation
- Achievement of a dynamic range through the efforts of space, time, weight, and flow
- Adherence to style in equipment, movement, and motion
- Training, concentration, stamina, and recovery
- · Achievement of characteristics, detail, and nuance
