2019 STANDINGS

The standings will be updated by end of day on Tuesday after each regional weekend. The standings system was developed by the Color Guard Steering Committee to seed color guards competing in the WGI World Championships only. More information on this can be found on Page 100-101 of the WGI Color Guard Adjudication Manual and Rulebook.

Please keep in mind that these standings do not include those groups who fall under the WGI 400 Mile rule. In cases where a group has been reclassified, their score may not display correctly until they have competed in their new class.
