- Last Month's Webinar – Slides
- Your Championship Score Will Go Down!

World Class Insight Sheets

Updated sheets are due by Friday!

Karl@wgi.org

Setting your floor...

Once on site:

- Look from the upstairs Judge perspective
- Check for railing or other obstructions
- Make sure you set your floor back far enough so they can see the front
- Check the info packet to make sure you have enough room in the back

Setting your floor...

This may:

- **Create an unexpected disconnect from the audience that your performers may or may not be ready for.**
- **How can you practice for this before you leave?**

Prepare for the lack of “glamour” at Prelims...

Confront the “Dream Show” head on!

- **Likely empty!**
- **Probably cold**
- **VERY ‘clinical’**
- **Rehearse to prepare for this reality of Prelims**
- **Get those Performers back in that gym to help others!**

Find time to do YOUR homework
so you can
take the next step next year!

This is your classroom!

- Watch your 2020 projected class
- At least a full round – A full contest would be better.
- Make notes
- What is missing? Can you fill that void?
- Know what repels you too!
- Who is doing things “worth stealing”?

Think Towards 2020...

The End of This Season,
Is the Beginning of
Your NEXT...

Assume YOU ARE NEXT!
