- Should a Primary Advisory Board member fail to achieve Advisory Board status in subsequent years, Primary status is regained if the color guard returns to the Advisory Board within a three-year period and has not taken more than one year off from active competition in the World Class. For color guards from outside North America, the color guard would again be considered a Primary Advisory Board member if it achieves finalist status within its next three entries in World Class Championships, regardless of years in which it did not enter the competition.

- Any proposals approved by vote of Advisory Board must remain in place for a minimum of two (2) years.

##### **Color Guard**

- Regional classes with 16 or more entries will be seeded into “tournament-style” rounds using a random draw. After rounds have been determined, the Director of Color Guard may adjust the rounds based on the current year’s regional and local scores if available and the random draw has created a significant imbalance within the rounds. Appearance order will be based on postmark date within the round.
- Classes with 15 or fewer entries will not use rounds and appearance order will be based on postmark date of entry.
- Order of performance for all classes in prelims or rounds will be determined by the postmark date of entry. The earlier the entry postmark, the later that color guard will appear in the schedule. Color guards sharing the same postmark date will be randomly drawn within that group with the same postmark date.
- The Director of Color Guard will have discretion, based on situations such as number of entries or judge rotation, to have the independent class perform prior to the scholastic class in a preliminary competition.
- All color guards with potential scheduling conflicts must notify the WGI office using the Championships Scheduling Conflict Form by March 1.

##### **Percussion**

- All classes will be scheduled by postmark with earliest postmark going on last. Ensembles sharing the same postmark will be randomly drawn within groups with the same postmark.

##### **Winds**

- All classes will be scheduled by postmark with earliest postmark going on last. Winds groups sharing the same postmark will be randomly drawn within groups with the same postmark.

#### **4.111 Finals Scheduling**

##### **Color Guard**

- The number of finalists at all Regionals shall be determined by the formula of 100% of World Class, 75% of Open Class and 50% of A Class color guards up to a maximum of fifteen (15) color guards. However, if time permits, the maximum may be increased to include up to 50% of A Class color guards from preliminaries at the discretion of the Director of Color Guard.

- Each Finals contest will accept a minimum of three (3) finalists in each class.
- The number of finalists in Regional A Classes shall be determined by the formula of 50% of entries up to a maximum of three (3). The Director of Color Guard has the sole discretion to increase the number of Regional A finalists based on the total number of entries and time permitting.
- In cases where applying the finalist percentages would eliminate only one (1) color guard, all would advance to Finals. The percentage is also rounded to the nearest whole number when determining number of finalists.
- All World and Open Class color guards must achieve the minimum prelim score set by the Color Guard Steering Committee in order to advance to finals.
- Order of appearance in Finals shall be determined by the reverse order of finish in prelims. If rounds are used, the highest scoring color guards will advance regardless of the round in which they competed.
- The number of finalists at all Power Regional Finals shall be applied using the same method as Regionals (see above) with the maximum number of eight (8) finalists in every class. In cases where the number of finalists does not reach eight (8), the Director of Color Guard has sole discretion to increase the number of finalists in any other class based on the total number of entries and time permitting. Each Finals contest will accept a minimum of three (3) finalists in each class.
- Order of appearance in Power Regional Finals shall be determined by the reverse order of finish in prelims. If rounds are used, the highest scoring color guards will advance regardless of the round in which they competed.
- The Director of Color Guard will have discretion, based on situations such as number of entries, judge rotation or semi-finals performance times, to have the independent class perform prior to the scholastic class in a Finals competition.
- Finals schedules may be adjusted up to 15-20 minutes from the published schedules. If the Finals schedule is adjusted, color guard will be notified via text at the conclusion of Preliminaries.
- The Event Partner may allow one (1) exhibition after the final color guard in Finals during tabulation time. The Director of Color Guard or Chief Executive Officer must approve this exhibition in advance. Color guards competing in regular competition will not be allowed to do an exhibition at any WGI event.

### **Percussion**

- The number of finalists at all Regionals shall be determined by the formula of 100% of World Class, 75% of Open Class and 50% of A Class Percussion ensembles. Each Finals contest will accept a minimum of three (3) finalists in each class.
- The number of finalists at all Power Regional Finals shall be applied using the same method as Regionals (see above). In cases where the number of finalists does not reach eight (8), the Director of Percussion has sole discretion to increase the number of finalists in any other class based on the total number of entries and time permitting. Each Finals contest will accept a minimum of three (3) finalists in each class.
- In cases where applying the finalist percentages would eliminate only one (1) percussion ensemble, all would advance to Finals. The percentage is also rounded to the nearest whole number when determining number of finalists.
- Order of appearance in Finals shall be determined by the reverse order of finish in prelims.
- The Event Partner may allow one (1) exhibition after the final ensemble in Finals during tabulation time. The Director of Percussion or Chief Executive Officer must approve this exhibition in advance. Percussion ensembles in regular competition will not be allowed to do an exhibition at any WGI event.

### **Winds**

- All groups will advance to Finals at Regionals having fewer than eight (8) entries. Regionals with nine (9) or more entries, the Director of Winds has sole discretion to assign the number of finalists in any class based on the total number of entries and time permitting.

- Winds groups in regular competition will not be allowed to do an exhibition at any WGI event.

## **4.112 Adjudication**

### **Color Guard**

- A single panel of judges will adjudicate Regionals. Multiple single panels will be assigned when schedule dictates. A double panel of judges will be assigned for all Power Regional Finals.
- Critiques will be offered at Regionals when there is sufficient time in the schedule. The Director of Color Guard and the Chief Judge shall have discretion over whether critique is offered.
- At Power Regionals, a critique for color guards planning to attend the World Championships will be offered.

### **Percussion**

- A single panel of judges will adjudicate Regionals. Multiple single panels will be assigned when schedule dictates. A double panel of judges will be assigned for all Power Regional Finals.
- It is the goal to have critiques at all Percussion regional contests, and have as many ensembles participate, as the schedule will allow.

### **Winds**

- A single panel of judges will adjudicate Regionals. Critiques will be offered at all Winds regional contests.

## **4.113 Classification Review**

### **Color Guard - A & Open Classes**

- Classification review may occur more than once, any time during the Regional competitive calendar.
- The Review Committee consisting of the five (5) Steering Committee Instructors and the Education Coordinator will vote on reclassification. The Director of Color Guard will break any ties.
- A video of a recent performance or rehearsal must be provided by the color guard within 72 hours of their most recent Regional. Instructions on how to upload the video will be sent by the WGI office. If a video is not provided within the 72 hours, the review will take place using information from WGI Staff including but not limited to, Steering Committee Members, Lead Judges, Contest Administrators, Director of Color Guard, Education Coordinator, Chief Judge.
- If a determination cannot be made because of video quality or discrepancies between the performance and the video, then information from WGI personnel listed above will be used.
- A decision will be made within ten (10) days and the Director of Color Guard will notify the color guard in question of the result.
- Units reclassified into the next class will go on first at their next Regional, if that schedule has been published. If performance times have not been published, the unit will be included in the draw for performance order.
- If the Review Committee reclassifies a color guard, the director may submit a letter of appeal on extenuating circumstances on why this would adversely affect their color guard. The committee may then re-open the review and decide whether the circumstances warrant a reversal of the decision.
- Appeals will be reviewed by a committee of three individuals not on the original committee, consisting of the Director of Color Guard, Chief Judge, and Chief Executive Officer. If the Director of Color Guard broke a tie in the original decision, a Caption Manager will take their place on the appeals committee.
- Color Guards that attended World Championships in Open and World Class and qualify to compete in the Semi-Finals round of that class may not choose to compete in a lower class the following season. The color guard may submit a video of a completed show by January 31<sup>st</sup> of the year following their appearance in Semi-Finals for consideration to return to the lower class of competition.
- Color guards that are reclassified during the season or promoted at World Championships must remain in the higher class of competition the following season or the next time they attend WGI World Championships unless they did not qualify for semi-finals in the prior Championship season.

### **Onsite Reclassification for the Regional A Class**

- Those Regional A color guards that appear to be overtly misclassified may be reclassified into the A Class after their Preliminary performance.
- All considerations for this onsite reclassification must go through the Director of Color Guard.
- Those able to call for onsite reclassifications are the Director of Color Guard, Education Coordinator, Chief Judge, Steering Committee instructors, Lead Judge, and Contest Administrators.

- Without eliminating any qualifying A Finalists, the reclassified color guard will perform at the start of A Finals.
- The number of Regional A Finalists will not change because of color guard is reclassified.
- Any reclassified color guard performing in the A Class at a WGI Regional should also expect to be reclassified to the A Class in their local home circuit.

### **Percussion**

- A classification review may be instituted at any Regional if Percussion Administration feels such an action is appropriate. The Director of Percussion will send written notification of any percussion ensemble under review.
- Reclassification may be done between regional contests up to and including World Championships. An ensemble may be asked to produce a current performance video for evaluation within seven (7) days.
- A decision will be made within ten (10) days and Director of Percussion will notify the ensemble under review of the result.

### **4.115 Contest Floor**

- The contest floor cover (if used) should be black in color with no writing or logos and be taped down using tape approved with Event Partner in advance (if tape is allowed at the venue) around the entire perimeter and must cover the competition area.
- Should any damage to the contest floor occur, the Timing and Penalty Judge is responsible to complete the "Floor Damage Report" and submit to the Contest Administrator.
- The Contest Administrator will inform the group's director and forward to the WGI office immediately after event.
- In most instances, WGI reimburses the facility for the amount of the repair to the floor and invoices the color guard or percussion ensemble for their part in the damage and repair costs.

- Groups will be advised of the nature of the competition floor under the contest floor cover in advance of the event.

#### **4.116 Group Housing**

- No Event Partner may offer overnight housing to participating groups at any WGI contest site. This will be strictly enforced.
- Event Partners violating this policy will forfeit sponsorship of their Regional contest.

#### **4.117 Practice Sites**

WGI can assist with providing the information to the participating groups in order to make their arrangements.

#### **4.118 Warm Up Areas**

- Each color guard will receive one (1) interval time of body warm up and one (1) interval time of equipment warm up regardless of the amount of space at a particular show.
- Percussion ensembles and Winds groups will determine warm up areas based on the individual particulars of each regional site. Sites should allow the use of clearly marked outdoor practice floors during warm-up at all WGI events, dependent on the venue and the amount of space available.
- The WGI office will issue a detailed logistics schedule to competing groups that must be adhered to.
- Warm up areas at WGI events shall be solely reserved for competing groups warming up to perform. No other activities will be knowingly scheduled in these areas whenever possible (Check-in, etc.).

#### **4.119 Video Recordings**

- There is to be no video recording of any WGI Regional, Power Regional, or World Championship performance. No video cameras will be allowed in any contest venue and no authorized space will be provided for groups to record their performance.

- No video passes will be issued.

#### **4.120 Sound Policy (Color Guard)**

- All color guards should do a sound check at the designated times provided in the contest information packet to ensure the playability of any device or CD. Color guards should check the soundtrack at multiple places in the music to verify playability of any device
- Color guards should still do a sound check if they are using the WGI Music Upload in CompetitionSuite to ensure everything is correct.
- Color guard is responsible for providing the method that the music will be played, e.g. CD, MP3, computer, etc. Each color guard should have two methods to play their soundtrack in the event one does not work.
- Color guard must provide their music in a timely manner to the designated sound operator. Any delay in providing music is the responsibility of the color guard.
- Color guards using the Music Upload process through CompetitionSuite should have a backup using another device type such as an MP3 player, iPhone, or CD.
- Color guard must have a designated person at the sound table to operate any device provided to play music such as MP3 players or computers. If a CD is provided, the color guard representative must instruct the sound operator as to what track or other relevant information is

needed to start the music when directed by the contest Timing and Penalty judge or after the color guard's introduction.

- If the color guard has an issue with the music such as music is too soft, it begins in the wrong place or skips, the color guard's representative must make the decision to stop the music and tell the operator to stop the music. If the color guard representative chooses not to stop and the color guard completes their performance, the color guard will not be offered an opportunity to perform again.
- Interval timing will continue as the color guard resets and begins again. The Contest Administrator has the sole discretion in waiving any timing penalty due to the restart. If the stoppage is due to faulty sound equipment, operator error or an unexplained reason, overtime penalty may be waived.
- Issues related to the equipment provided by the color guard, quality of the CD or the color guard's representative error (using wrong playlist on MP3, etc.) will result in the actual interval timing being used and penalties, if any, being assessed.
- Volume direction must come from the color guard representative at the sound table. Direction will not be taken from the audience viewing area or across the floor. Final volume discretion is given to the sound operator based on their equipment and the Chief Judge who ultimately determines an appropriate volume level.

Each event shall be open to any color guard, percussion ensemble, or winds group adhering to WGI rules and policies. All contests shall be conducted using approved contest rules, operating procedures and judges.

### **5.2 Scheduling of Events**

World Championships shall be held on two weekends (Thursday, Friday and Saturday) each year in April. The Board of Directors shall approve the dates and location. Date(s) chosen will make every attempt to avoid conflict with Easter and/or Passover. All competition schedules are to be determined by the Chief Executive Officer in consultation with the Director of Color Guard, Director of Percussion, and Director of Winds.

### **5.3 Site Selection**

The Board of Directors shall select the site for the World Championships from time to time, as necessary. The site will be selected from applications from interested cities.

### **5.4 Eligibility**

The following must be satisfied in order for a group to compete at Championships:

- All groups must attend a Regional Contest if their hometown is within 400 miles of any regional in order to be eligible to enter. This requirement will be waived for any ensembles from outside North America or any Winds group having a conflict with a school district concert/festival. Groups beyond a 400-mile radius of any Regional and/or those outside North America must submit a video recording for classification purposes no later than March 15<sup>th</sup>. The Director of Color Guard, Director of Percussion, or Director of Winds will have final approval of any exemption to this policy.
- All groups participating in WGI events must have a Participating Group Master Agreement on file with the WGI office no later than five (5) weeks prior to first Regional event or World Championships if the 400-mile exemption is granted. **Groups who fail to meet this deadline will not be scheduled for competition.**

#### **Single School:**

A group whose total membership are students from the same school, schools that directly feed into that school, or home-schooled students that reside within the school district boundaries. The group shall submit the Single School Participating Group Master Agreement signed by the authorizing school principal or administrator and filed with the WGI office.

#### **Combined School:**

A group in any scholastic class may apply for approval to combine students from multiple schools within a school district under the following guidelines:

- Groups combining students from multiple schools within a school district may not have another group in the same division (Color Guard, Percussion, or Winds) participating locally with a Circuit Partner, or with WGI.
- School districts with multiple competitive field marching band programs within the district will be reviewed on a case-by-case basis for approval to combine students from multiple schools.
- If approved, all combined groups must compete using a combined name approved by WGI.
- Scholastic groups utilizing students from parochial, vocational, or charter schools, must apply for approval under combined school guidelines.

- The group shall submit the Combined Schools Participating Group Master Agreement signed by the district superintendent and filed with the WGI office.
- Groups applying to combine students from multiple schools within a school district must apply for approval by December 1.
- WGI will have the final determination on whether a group will be permitted to combine students from multiple schools. If application for combined group is denied, the group has the option to either not include students from other schools or compete in an independent class.
- Groups competing in all independent classes must provide proof of \$1,000,000 general liability coverage and adequate accident medical coverage (suggested limit of \$5,000 but can be less) per school or organization to the WGI office no later than the entry deadline date of the group's first registered event. Groups failing to do so WILL NOT be permitted to compete. All independent groups using scholastic insurance to fulfill the WGI insurance requirement must use the school district/educational institution in their official name and must have an employee (not an independent contractor) authorized to bind the school district/educational institution to the terms of the Participating Group Master Agreement be the signatory on the agreement.
- All participating groups must certify to obtaining a national criminal history background check (or some satisfactory equivalent for country or locale) for those in contact with participants. This could include instructional staff, but also drivers, chaperones, pit and/or prop crew, clinicians, and others who have more than a casual contact with participants. Such background checks shall be performed at the discretion of the participating group's director, but in no event less that every two years. For scholastic groups, those requirements can be fulfilled by requirements imposed by the school district/educational institution; however, if a school district/educational institution does not have a requirement for such background checks, the group will have to comply with these requirements.
- Groups competing in any class must provide music licensing information to the WGI office no later than the entry deadline date of the group's first registered event. Groups failing to do so WILL NOT be permitted to compete.
- Percussion ensembles and Winds groups competing at any WGI event are required to secure permission to arrange for all songs involved. **WGI stresses that groups do not ignore the Permission to Arrange requirement to participate in any WGI event.** Groups failing to do so WILL NOT be permitted to compete.
- Groups competing in those classes with age restrictions must be prepared to show proof of age on each performing member.
- International independent color guards are not bound by any age limit except for U.S. citizens performing with that group. U.S. citizens performing with an international color guard may not exceed the age allowed for that classification.
- Any competing group having outstanding balances to WGI will not be allowed to perform until the debt has been satisfied.
- All programs, soundtracks, thematic and costuming choices must reflect the qualities that would be acceptable for performance at a scholastic venue or suitable for marketing to sponsors on a national level. Any breach in the above philosophy could result in performance denial or possible disqualification as determined by the Chief Executive Officer in consultation with the Director of Color Guard, Director of Percussion and/or Director of Winds. - The Director of Percussion will have sole discretion, based on situations such as semi-finals performance times, to determine the performance order of classes in a Finals contest.

If the Director of Color Guard broke a tie in the original decision, a Caption Manager will take their place on the appeals committee.
