

# 2021 VIRTUAL SEASON

SOLO

SMALL  
ENSEMBLE

## SOLO AND SMALL ENSEMBLE COMPETITION PROGRESSION

### COLOR GUARD

- All Soloists and Small Ensembles receiving a Superior (3 or 4 Final Rating Value) will automatically progress to Semi Finals.
- Finalists' positions for both Solos and Small Ensembles will be determined by a Target Maximum of 10 Finalists.
- If the Target Maximum has not been met by those Soloists and Small Ensembles earning a Superior, then Participants achieving the next Rating Value of 5 will progress to Finals. We will continue to accept participants at progressive rating values (6, 7, 8...) up to a maximum rating value of 10 until the target maximum is reached.
- All participants achieving the breakpoint rating value, will progress to Finals. In some cases this will result in more than the target maximum progressing into Finals.
- Those Soloists and Small Ensembles achieving an Excellent or Superior Rating will be listed on WGI.org following prelims. A list of all Soloists and Small Ensembles who will progress to finals will also be listed on WGI.org.

### PERCUSSION

- 50% of Solo entries up to a maximum of 15 per age group and classification will advance from Prelims to Finals.
- 50% of Small Ensemble entries up to a maximum of 15 per age group and classification will advance from Prelims to Finals
- The names of Soloists and Small Ensembles who progress to Finals will be listed on WGI.org following prelims.

- Those Soloists & Small Ensembles receiving a “Superior” Final Rating per each age group and classification will progress to Finals.
- A list of those Soloists and Small Ensembles that progress to finals will be published after the event on wgi.org.
- **Finals ONLY:** One Outstanding Performer per age group and classification will be selected from the finalists and published on WGI.org.
