Cincinnati, OH 45207**

NEW FOR 2022

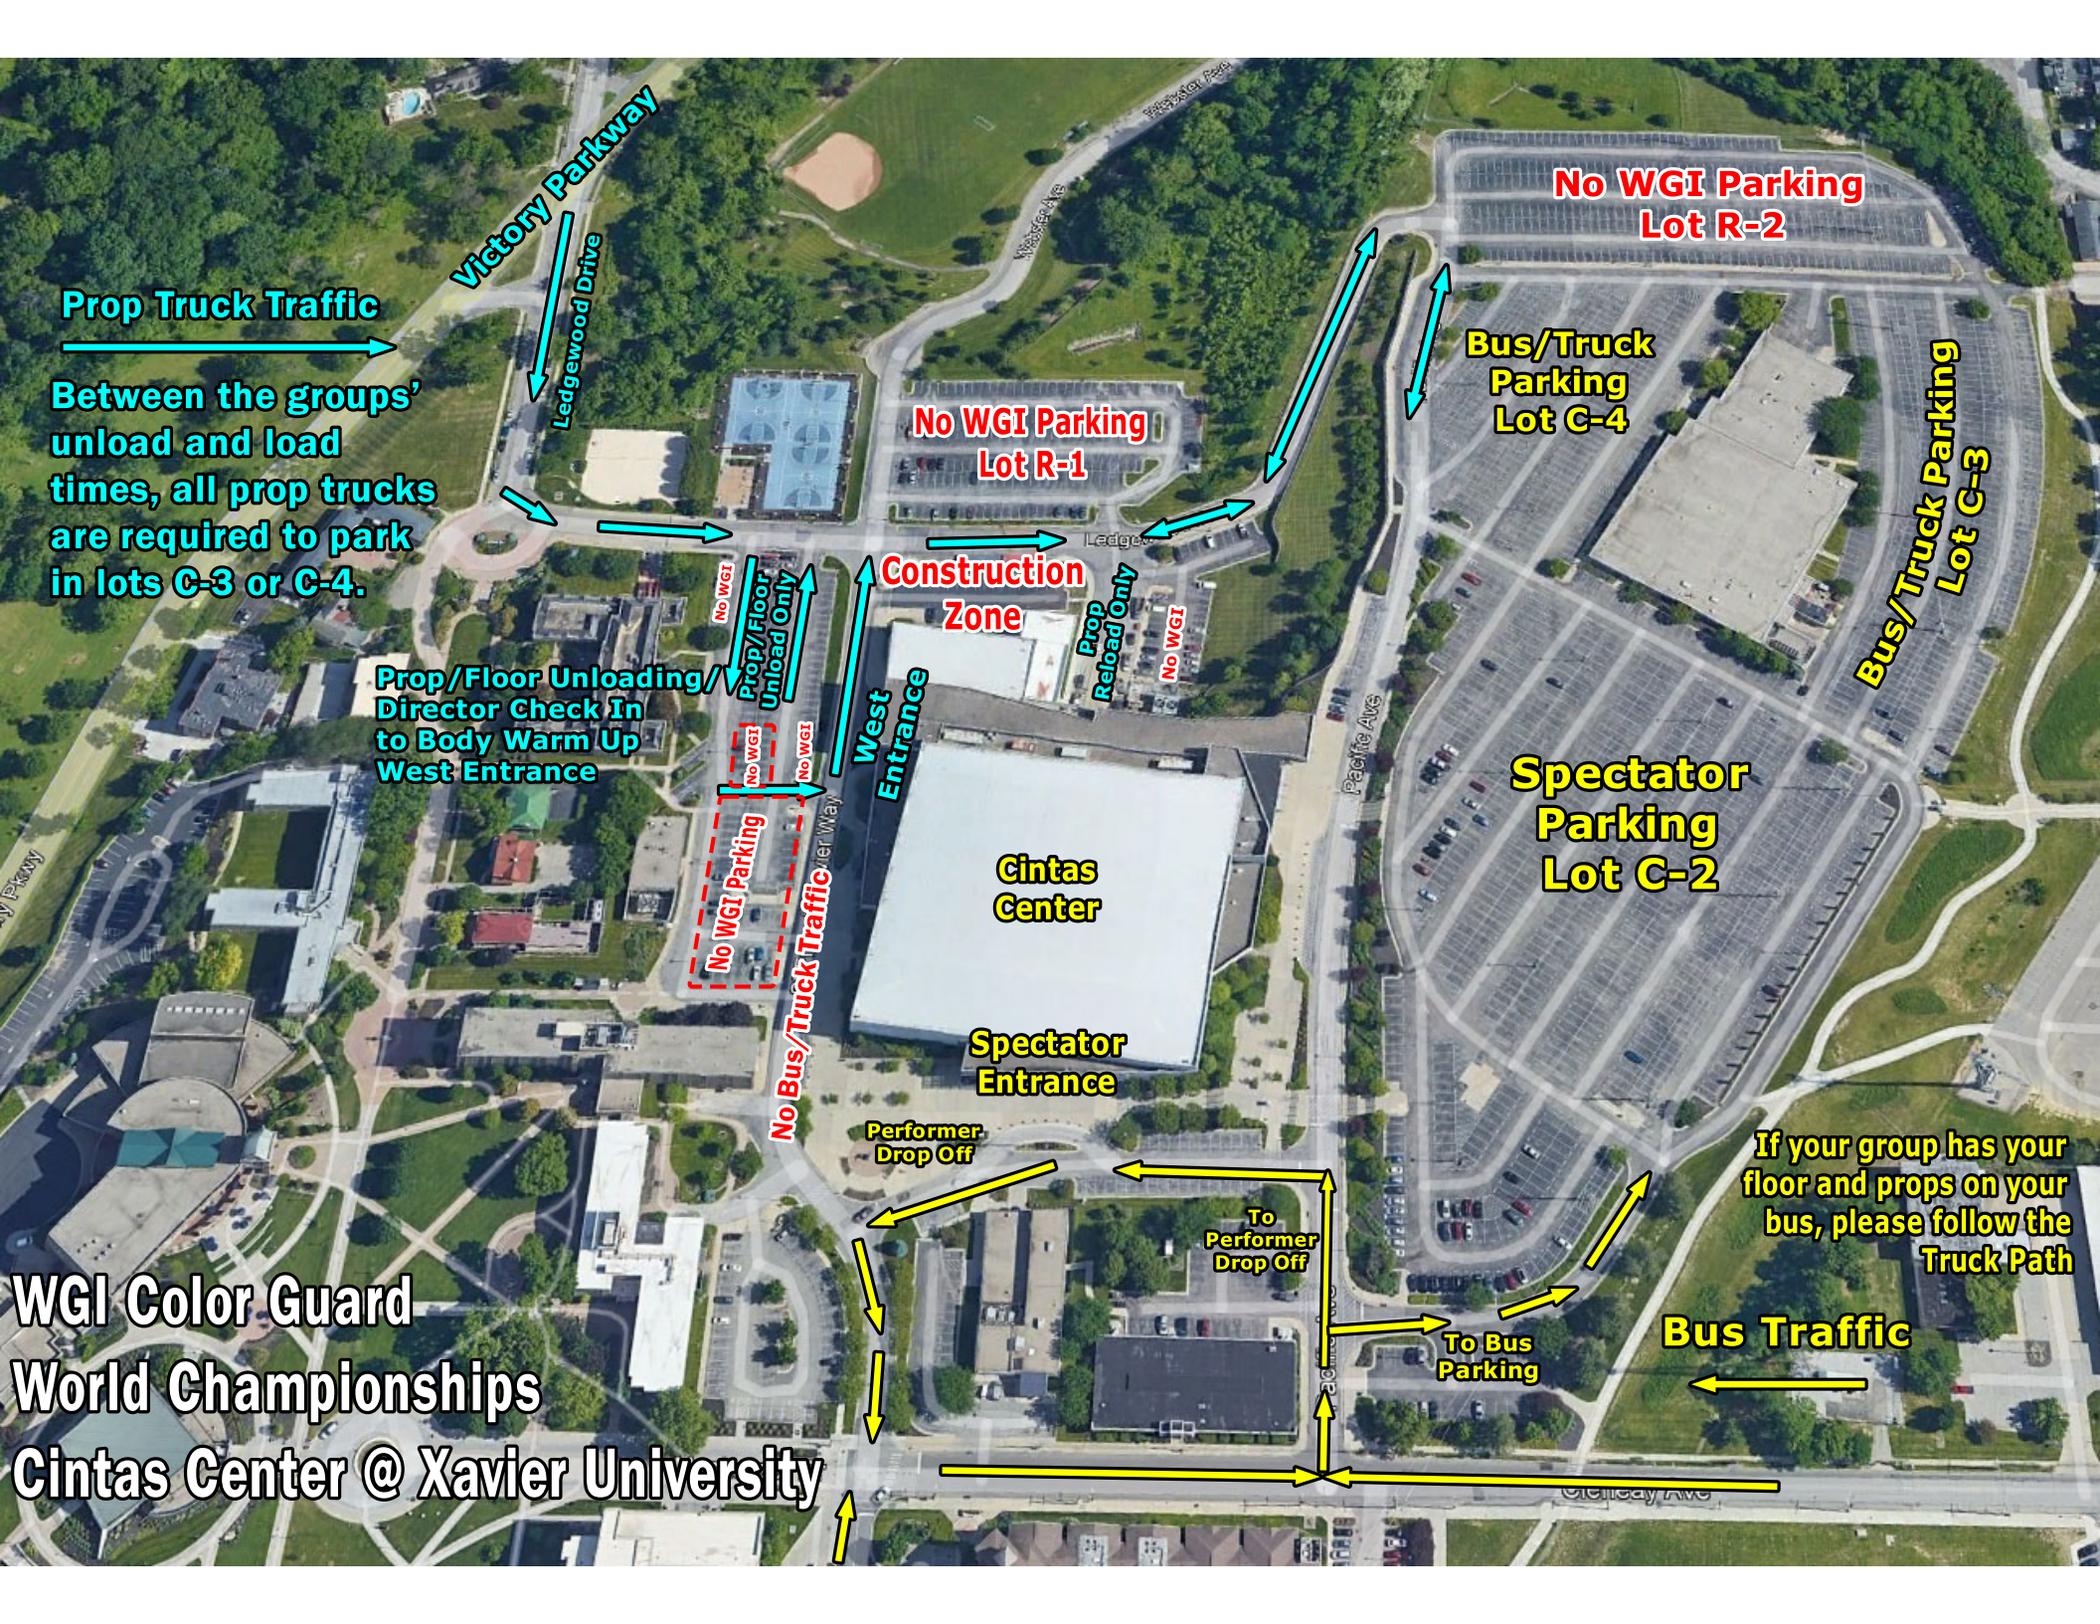

Due to construction at Cintas Center there is a new process for unloading and loading props and floors. Please pay close attention to the enclosed maps.

- **Buses and Trucks:** WGI will utilize a portion of the C-1 Lot to unload props and floors. Only trucks with props will be allowed in the C-1 lot. Buses may drop students near the spectator entrance. The groups may then meet the trucks to unload.
- If your props & floor are on your bus, please follow the truck path on the maps.
- **Unload:** Due to the size of the C-1 lot, each group will be allotted 30 minutes to unload their props and floors. An exact unload time will be listed on the Cintas Center logistical schedule. Once the group has unloaded their props/floors the trucks are required to park in Lot C-3 or Lot C-4 until the listed Load time on the logistical schedule.
- **Load:** Each group must load their trucks per the Load time listed on the logistical schedule. Trucks are required to depart the area as soon as equipment, props, floors are loaded.

Cincinnati, OH 45207**

- The facility is situated on three levels. The color guards enter on the lower level, west entrance, photos are on the lower level in the media room. Body will be on the upper level, while equipment will be on the second level. Spectators will enter and operate on the upper level.
- School is in session at Xavier University and the Cintas Center is located in the heart of campus. Each color guard will be allotted 4 parking passes. Buses and equipment trucks may park in C-3 or C-4. Spectators may park in Lot C-2 only. See maps for details and traffic flow.
- Traffic can be very congested in Cincinnati and surrounding areas. Xavier University is located northeast of downtown Cincinnati. Please plan accordingly.
- Each color guard must designate a representative to stay with floor/props prior to competition at all times.
- Dressing facilities are unavailable. Please come in competitive attire.
- A black drape will adorn the back stands of the arena.
- The floor surface is concrete covered with a black tarp. The black strips will be placed approximately 9.5 feet apart from the front to the back of the performance floor. The last strip at the back will vary in width.
- The mixing board for the sound system and the sound person will be located in the front stands. The WGI sound person will have control of the level of sound. See contest info packet for sound check times.
- The competition area is 106' x 70'. Please see the floor plan for more details.
- There will be electrical power available at the front and back sidelines.
- Height of the facility is more than adequate.
- There are separate areas for body and equipment. Music may be used in body warm up at moderate levels. You **may not** use music in equipment warm up as sound travels to the performance floor. WGI does not provide a sound system in any warm up area. If you wish to use music, please provide your own system.
- There are no floor folding facilities available.

Prop Truck Traffic

Between the groups' unload and load times, all prop trucks are required to park in lots C-3 or C-4.

WGI Color Guard World Championships

Cintas Center Xavier University

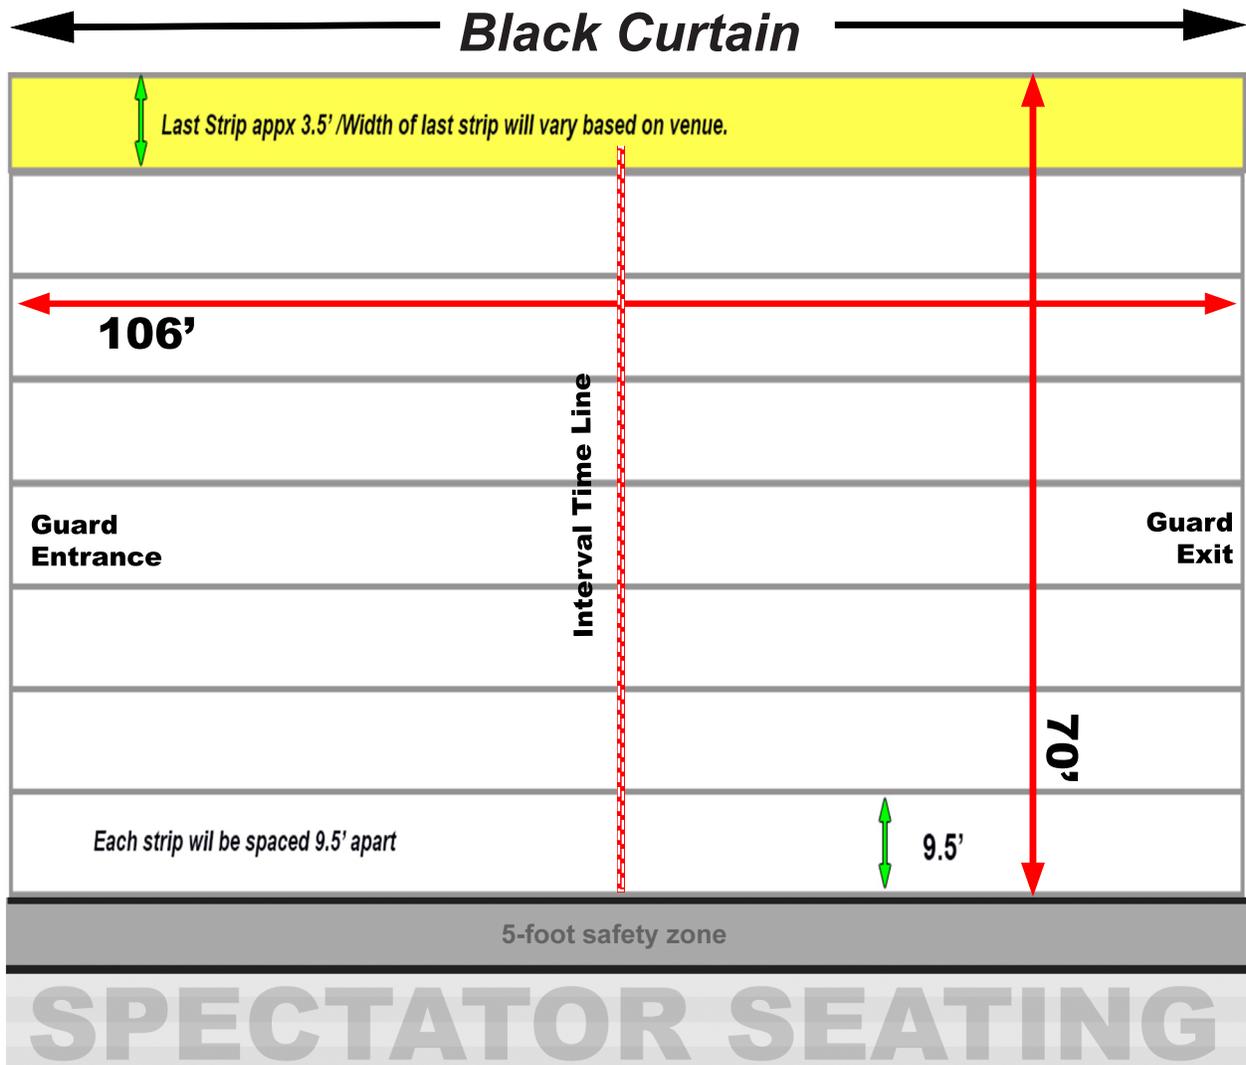

Color Guard World Championships Competition Area Cintas Center @ Xavier University, Cincinnati, OH

All WGI contest sites must have a minimum of seventy by one hundred feet (70' x 100') to accommodate a "safety zone" of five (5) feet from any spectator seating. If no spectators are seated on the left and right sides, then the safety zone will be eliminated on the left and right sides of the competition area and could extend to a maximum of 78' X 106'.

The "competition area" at this event measures 70' X 106'. All performing groups must be prepared to perform within that area. Floors (tarps) may not extend into the safety zones per rules found in the WGI Adjudication Manual and Rulebook

CINTAS ARENA HOUSE RULES

The following house rules apply to all events held in the Cintas Center:

- All guests will pass through metal detectors upon arriving at the facility.
- Inside the facility, guests agree to abide by the lawful directions given to them by authorized Cintas Center representatives.
- No smoking is permitted inside the facility or on the campus grounds.
- Guests may not bring any food or beverage into the facility nor take alcoholic beverages from the Cintas Center.
- Bottles and cans are not permitted to be brought into the Cintas Center.
- All bags are subject to search.
- Large bags and backpacks are not permitted to be brought into the Cintas Center.
- No firearms or weapons of any kind are permitted inside the facility.
- Guests may not bring laser pens, air horns or any other type of amplification device or pyrotechnic device into the facility.
- No illegal drugs or other contraband are permitted in the facility.
- Balloons are not permitted to be brought into the facility.
- The Cintas Center welcomes assistance animals. No other animals are permitted inside the Cintas Center.
