- Color Guards may be reviewed multiple times through the Regional competitive calendar.
- The top two (2) Scholastic and Independent A Class color guards and the first place Open Class Color Guards will automatically be reviewed at every Regional.
- Any Color Guard participating in the Open and World classes may request a one-time review to reclassify to the next lower class under the condition that their highest score at their first Regional is within ten (10) points of, or lower than, the weekly qualifying score for those classes in the Adjudication Manual and Rulebook. The group will have until Wednesday following their first Regional to submit a request for appeal along with a video for review. Request must be received by the Director of Color Guard in this timeframe.
- The Review Committee consisting of the five (5) Steering Committee Instructors and the Education Coordinator will vote on reclassification. The Director of Color Guard will break any ties.
- A video of a recent performance must be provided by the Color Guard within 72 hours of their most recent Regional. Floor level videos will not be accepted. Instructions on how to upload the video will be sent by the WGI office.
- Failure to upload the review video in the required 72-hour time frame will result in the immediate reclassification of the group to the next highest class of competition.
- If a determination cannot be made because of video quality or discrepancies between the performance and the video, then information from WGI personnel listed above will be used.
- A decision will be made within ten (10) days and the Director of Color Guard will notify the participating group in question of the result.
- Units reclassified into the next class will go on first at their next Regional if that schedule has been published. If performance times have not been published, the unit will be included in the draw for performance order.
- If the Review Committee reclassifies a color guard, the director may submit a letter of appeal on extenuating circumstances on why this would adversely affect their Color Guard. The committee may then re-open the review and decide whether the circumstances warrant a reversal of the decision.
- Appeals will be reviewed by a committee of three individuals not on the original committee, consisting of the Director of Color Guard, Chief Judge, and Chief Executive Officer. If the Director of Color Guard broke a tie in the original decision, a Caption Manager will take their place on the appeals committee.
- Any Color Guard reclassified from A Class to Open Class may forfeit their initial appeal and participate at their next Regional in the Open Class with the understanding that if their highest score is within ten (10) points of, or lower than, the weekly qualifying score for Open Class in the Adjudication Manual and Rulebook, the group may request and will be granted an appeal review.
- Color Guards that attended World Championships in Open and World Class and qualify to compete in the Semi-Finals round of that class may not choose to compete in a lower class the following season. The color guard may submit a video of a completed show by January 31st of the year following their appearance in Semi-Finals for consideration to return to the lower class of competition.
- Color guards that are reclassified during the season or promoted at World Championships must remain in the higher class of competition the following season or the next time they attend WGI World Championships unless they did not qualify for semi-finals in the prior Championship season.

- Any reclassified color guard performing in the A Class at a WGI Regional should also expect to be reclassified to the A Class in their local home circuit.

9.1.3 World Championship Promotions

- The top five (5) A Class finalists and the top three (3) Open Class finalists from the World Championships will be promoted to the next higher class of competition. In addition, Scholastic A and Independent A Class color guards that are finalists for three (3) consecutive years will also be automatically promoted.
- If a color guard is promoted, the director may submit a letter on extenuating circumstances on why this would adversely affect their color guard. The committee may then re-open the review and decide whether the circumstances warrant a reversal of the reclassification.
- Once the following season has begun and the promoted color guard feels they are misclassified, they may submit a video recording of their complete program by January 31st or 21 days prior to the color guard's first regional appearance (whichever is later) for consideration to return to the lower class of competition. The Review Committee may then re-open the review and decide whether a reversal of the promotion is warranted.
- Appeals will be reviewed by a committee of three individuals not on the original committee consisting of the Director of Color Guard, Chief Judge and Chief Executive Officer. If the Director of Color Guard broke a tie in the original decision, a Caption Manager will take their place on the appeals committee.
- Color guards that are reclassified during the season or promoted at World Championships must remain in the higher class of competition the following season or the next time they attend WGI World Championships unless they did not qualify for Semi-finals in the prior season.

9.2 Percussion Classification Review

- A classification review may be instituted at any Regional if Percussion Administration feels such an action is appropriate. The Director of Percussion will send written notification of any percussion ensemble under review.
- Reclassification may be done between regional contests up to and including World Championships. An ensemble may be asked to produce a current performance video for evaluation within seven (7) days.
- A decision will be made within ten (10) days and Director of Percussion will notify the ensemble under review of the result.
- An ensemble may then appeal reclassification with the Director of Percussion and Steering Committee and receive a final decision within ten (10) days.

9.3 Winds Classification Review

- A classification review may be instituted at any Regional if the Director of Winds feels such an action is appropriate.
- A group may be reclassified to any class.
- The Director of Winds will send written notification of any Winds group under review.
- Reclassification may be done between regional contests up to and including World Championships. A Winds group may be asked to produce a current performance video for evaluation within seven (7) days.
- A decision will be made within ten (10) days and Director of Winds will notify the group under review of the result.

- A Winds group may then appeal reclassification with the Director of Winds and Steering Committee and receive a final decision within ten (10) days.
- Reclassification may occur between Prelims and Finals at any event if the Director of Winds is present and feels such action is warranted.
